PROFILE

Based in London, Tom holds professional knowledge and experience with multiple cameras, frame-rates, formats, lenses and their uses within the Film, TV Broadcast, Digital and Independent Industries. He has an advanced knowledge to choose the most appropriate kit for each situation including live, studio, sporting, music and corporate events. With an ability to work under pressure and to strict deadlines, he is highly adaptable to various locations, and has experience working around the world. Able to shoot under direction, to a brief, under own initiative or in a team.
